

24 HOURS OF STEM CELLS

The day the world revolves around stem cells

Stay on the leading edge of stem cell research

Join us around the world for the 6th annual Gibco™ 24 Hours of Stem Cells™ virtual event, where you can:

- Access leading scientific presentations from thought leaders around the world
- Receive real-time training, tips, and technical support from our stem cell experts
- Sharpen your stem cell skills and expertise with virtual training and certifications
- Expand your research network and enrich your perspective in a global context

It's all happening live on **November 15, 2018.**

For all the latest details, access the 24 Hours of Stem Cells app at thermofisher.com/24hoursapp

Attend live for a chance to win various prizes, including a free Gibco™ StemFlex™ Medium T-shirt and registration to the annual meeting for the International Society for Stem Cell Research.*

Speakers at a glance

The 24 Hours of Stem Cells virtual event features a global lineup of prominent stem cell researchers and thought leaders. Speakers to be featured at this year's event include:

Keynote presenters

Ryan Hicks
AstraZeneca
Sweden

Filip Roudnický
Roche
Switzerland

Takanori Takebe
Cincinnati Children's Hospital
Medical Center
Tokyo Medical and Dental University
Yokohama City University
United States/Japan

Rhys Macown
Cell and Gene Therapy Catapult
United Kingdom

Kris Saha
University of Wisconsin
United States

Alysson Muotri
University of California, San Diego
United States

Ashleigh Schaffer
Case Western Reserve University
United States

Speakers

Essam Abdelalim
Diabetes Research Center, QBRI
Qatar

Gay Grossman
ADCY5.org
United States

Michael Nestor
Hussman Institute for Autism
United States

Stevens Rehen
D'Or Institute for Research and
Education (IDOR) and Institute of
Biomedical Sciences
Brazil

Christina Waters
RARE Science
United States

Bruno Bernardes de Jesus
Instituto de Medicina Molecular (IMM)
Portugal

William Hendriks
Harvard Medical School
United States

Rakhi Pal
Centre for Brain Development
and Repair, inStem, Bangalore
India

BanuPriya Sridharan
The Scripps Research Institute
United States

Kapil Bharti
National Institutes of Health (NIH)
United States

Jeanne Loring
The Scripps Research Institute
United States

Daniel Paull
New York Stem Cell Foundation
United States

Lincon Stamp
University of Melbourne
Australia
